Because there is no meeting in September except at the picnic (if held) I would like tentative job assignments to be made at the July Meeting to make certain we have enough volunteers to do the necessary work (two hour shifts) should the picnic happen. If we need additional volunteers we can then go about finding volunteers in addition to Board Members. If by the August mtg. we have enough workers, we will then make a final decision whether to move forward and begin advertising the the event. A newsletter is scheduled to go out again in August, so the newsletter Committee should meet prior to the August Mtg. to make decisions concerning what will be included, including possible publicity for the picnic if a final decision is made to hold the picnic. Because the April newsletter came out late, let's plan on the next newsletter going out by the first of September.
