MHS Heritage & Vision

- Monterey High School is the oldest high school in our district, first opening its doors to students in 1905.
- Our school colors, gold and green, come from the “golden hills of Mt. Toro and the green leaves of the coastal oak trees”.
- Our school mascot the “Toreador” comes from our rich Spanish heritage in Monterey, which carries on through today, with more than 50% of our students proudly claiming Hispanic heritage.
- Monterey High School continues on a strong trajectory and will remain steadfast in creating the best high school option, public or private, on the Monterey Peninsula.
- We believe in loving students, creating as many opportunities for them to belong and be challenged as possible, while holding them accountable to the highest standards.
